

How to video conference with us

In our ongoing quest to be of best service to you, we've added meeting via Skype as an option to serve you. The primary reason we request you try this technology is for the screen sharing and reviewing documents together. We'd love to see your pretty face but a video camera is NOT required. Here is the "how to"....

Do you already have a Skype account? If so, log in to Skype and go to Step 8.
